## LOCAL.

Wild roses are in bloom.  
Trains left Calgary on time.  
Wild cherry trees are in bloom.  
Slight rain last night and again today.

J. C. Gordon, of Moncton, was in town on Tuesday.  
W. T. Henry went to Calgary on Sunday's excursion.

S. Parrish, of South Edmonton went south on Tuesday's train.  
Jos. Hutchinson, of St. Albert, went to Macleod on Tuesday's train.

C. B. Keesleyside will hold service in the Methodist church on Sunday.  
Mrs. Green, of Calgary, who has been visiting Mrs. G. Berg, returned south on Tuesday's train.

Rev. John Fernie, of Lacombe, arrived on Monday's train, and is the guest of Rev. D. G. McQueen.  
Tuesday's train took out one car of race horses to Calgary, and one car of oats from Parrish & Lindsay for Maple Creek.

Monday's train brought one car flour for S. Parrish, one car salt for T. Houston, 1 car sugar for Mackenzie & Pows, 1 car lumber for S. Parrish, 1 car woodware for Ross Bros., 2 cars merchandise for various parties.

Monday's train brought 67 settlers north, 10 from England, 14 from the United States, 22 from Germany, 2 from Sweden, and 9 from Russia. Twenty-three came to Edmonton, 32 to Leduc, 4 to Wetaskiwin and 8 to Lacombe.

Lord Dunsmore will leave Montreal on June 10th, on a trip to Peel's river, H. B. post, on the Mackenzie by way of Edmonton. From Peel's river he will cross the Rockies into Alaska and travel along the Arctic coast to Bering's straits, which he proposes to cross on the ice, to Siberia, thence southward along the coast. He is about 51 years of age.

The rain of Monday turned to sleet on Monday night with a cold north wind, and Tuesday morning dawned on a very disagreeable looking country for the 25th of May. The wind blew cold all forenoon but in the afternoon the weather moderated, the sky cleared and the sleet and snow on the ground disappeared. Tuesday night was calm, clear and cold, the thermometer showing five degrees of frost. Wednesday was fine and warm. Tender plants and leaves were nipped by the frost, but no serious damage has been done.

C. L. Kason and E. W. Ogilvie, of Howard, Kansas, who have been visiting Edmonton in the interests of an immigration move, and from Kansas, went south on Tuesday's train to inspect the Lacombe district. They say that recent years of drought even in the best part of Kansas, in which they resided, have discouraged many farmers and they think of moving to some place where there is a more certain rain fall. The Howard Current of May 27th, speaks of Mr. Kason as a wealthy capitalist with extensive interests there, which he is preparing to withdraw. If not suited with Alberta he will probably go to Nicaragua.

JOHN CHRISTIAN SCHULTZ, Lieutenant Governor of Manitoba, has been made a K. C. M. G. on the occasion of Her Majesty's birthday. When it is not that the title has been bestowed in recent years by being conferred on so many people for so little cause, Lieutenant Governor Schultz might be congratulated on having attained a deserved distinction. The new knight has many enemies, and very likely has deserved them, but he always was a strong man and a man of ability, and his strength and ability were used in a pre-eminent degree to found and build up Canada in the Northwest. In the early days in Manitoba when every man counted, Dr. Schultz was the figure which stood for Canada and turned the scale in his favor. Whatever else he was then or since he was always Canadian and his influence was always great. His ability may be judged by the fact that in those early days, as Dr. Schultz, he could—and was the only man in Manitoba who could—hold "old Donald A." even politically and otherwise. Old Donald A.—now Sir Donald Smith, dictator of Canada, and founder and controller of two of the greatest railway systems on the continent, the C. P. R. and Great Northern. Dr. Schultz was always combative. That was where his strength lay. And as in many such cases, the battle grew and his strength diminished, until finally he was distanced in the race by his then rival. It is needless to say that it was not his opposition to Sir Donald that he was knighted.

P. L. McNAMARA went south on Tuesday's train.  
Mrs. Lafferty left for Calgary on Tuesday's train.

JUDGE ROULEAU left for Calgary on Tuesday's train.  
THREE rafts of logs arrived for Finser & Co., to-day from up the river.

REV. D. G. McQUEEN leaves to-morrow to attend the general assembly of the Presbyterian church, in London, Ont.

W. PLACER, Insp. of Mines, Calgary, visited Edmonton on Monday's train on business connected with the lands department.

This number of people on the race grounds on Friday last was estimated at 1,500 and on Saturday at 1,200. The gate receipts showed an attendance of over 1,500.

G. E. BROADFIELD of the extensive crockery firm of McMahon, Broadfield & Co., Toronto, was in town this week. This is Mr. Broadfield's first visit to Edmonton.

J. A. CALDER, inspector of schools, arrived from Leduc on Monday and visited the several departments of the Edmonton school on Tuesday, Wednesday and to-day.

E. F. CARRY bought some barbed wire last week, with which to fence his property on the St. Albert road. On Monday he sent a man out to put up the wire and it was gone.

MISS SARAH McKINLAY, daughter of M. McKinlay of Sturgeon river, who is teaching school near Red Deer, visited Edmonton on the excursion train and returned south on Tuesday.

DR. BALDWIN of South Edmonton wishes to contradict the statement appearing in the recent Wetaskiwin correspondence of the BULLETIN to the effect that he was contemplating moving to that place.

A PROTEST is spoken of to get up a purse of \$1,000 to back Moosewa for the championship of Canada, race to be run in Edmonton at the time of the fall fair. The scheme is a big one, but it would be a drawing card.

THE mounted police are asking for tenders up to noon of June 5th for the supply of 500 pounds of bread and 50 pounds of butter monthly at Edmonton. Also for the supply of 5,000 pounds of beef at Edmonton.

A LARGE number of the Calgary visitors returned south on Tuesday's train. Unfortunately the weather of Monday was so unfavorable that they were unable to see as much of the town and country as they would have liked.

The raffle of a gold watch in aid of the Edmonton Catholic hospital, which took place at the Queen's hotel last night, resulted in the prize going to Wm. Stitt, traveler for Mackenzie & Pows, who is not in town at present, on a throw of 46.

N. D. BEEK, S. S. Taylor and J. C. F. Bown leave on to-morrow's train for Regina to attend the sitting of the appeal court to be held there. They will appear in the cases of Humbertstone vs. Dinner, and Wilkie vs. Jellett and the Wetaskiwin school case.

THERE is some talk in town of oil having been struck at the Landing by W. A. Fraser's party, before that gentleman's leaving for Ottawa. The idea is founded on the suddenness of Mr. Fraser's determination to go, and the fact that the work has not been resumed since he left, although there has been no breakage. Of course the wish very greatly inspires the thought.

Free Press: Application will be made for a charter of incorporation of "The A. Macdonald Company," for the purpose of carrying on the business of wholesale grocers, porkpackers, dealers in provisions and general commission merchants, with a capital stock of \$150,000, in 1,500 shares of \$100 each. The names of the applicants are: Alexander Macdonald, Rockley Kaye and Percy Chapman, all of Winnipeg. Mr. Macdonald was a member of the Edmonton firm of A. Macdonald & Co. which was merged in the business of John Cameron.

NOT-WORSEAN Ottawa despatch of May 25th: The government received a communication from a party sent out last year to prospect the coal oil fields of Athabasca. The reports are very favorable. Throughout that section of the country about 300 miles by 100 miles, there is every indication of rich deposits of oil. A party has made a boring at a point about one hundred miles north of Edmonton. It is now 1,200 feet deep. There is a good flow of natural gas and oil. It is expected soon to be struck in paying quantities.

MESSRS. CAMPBELL, Brendt, and Mobley senior and junior, arrived by boat from up the river on May 24th. They went to the site of the Mountain house from Lacombe in the winter taking three horses with them and a large boat. They intended to send the horses back to Lacombe but were unable to do so and the animals died before spring opened. The party trapped fur during the winter and prospected for gold after spring opened. They went up the Saskatchewan and then came down to the mouth of the Brazos. Then went up the Brazos and came down to Edmonton. They had a very hard trip.

M. GROSZ left for the Landing on Tuesday with a large party bound for the Mackenzie river who will take the Athabasca steamer on June 1st. The party included Miss Hatley who is going to Chipewyan to join her sister, Mrs. Lucas; J. Hodgson of the H. B. service, who is returning to Mackenzie river after a year's leave of absence; J. Ballislie of Winnipeg, who is entering the H. B. service in Mackenzie river; Dr. Reazin and C. E. Whitaker of Montreal, who are entering the mission work of the church of England in Mackenzie river diocese, and G. G. Grinnell, a traveller who will make the trip to Peel river and return this season. Messrs. Reazin and Whitaker take with them two thoroughbred St. Bernard pups of the long haired variety, which will be a valuable acquisition to the dog stock of the north country.

ON Tuesday, at Innisfail, before Messrs. Simpson & Lauder, J. P.s, Messrs. McTaggart & Routley were fined \$50 and costs for selling liquor without a license.

MICHAEL JOHN KELLY has 60 days from May 17th, to show cause why his entry for the west half of section 6, township 56, range 26, west of 4th meridian should not be cancelled.

A SILVER and gold medal contributed by the sports committee to the winners of the half mile and five mile bicycle races are on view in E. Raymer's window. Both are very handsome and both were won by P. L. McNamara.

## SUPREME COURT.

SATURDAY, May 25th.  
H. McPhee vs. Geo. Hutton. Action for \$138 for stone sold. Defence contended that the stone did not come up to measurement. Judgment reserved. Woodworth for plaintiff, McNamara for defendant.

P. Pruden vs. J. C. Squarebriggs, Margaret Squarebriggs and Emmeline Deitz. Action brought to have the partnership between Pruden and Squarebriggs dissolved; to compel Squarebriggs to account for the profits of the partnership; to compel payment of damages by the latter for not repairing premises and certain other defaults; to have set aside as fraudulent the transfer by Squarebriggs to his wife of his interest in the mill property, and also the transfer from Mrs. Squarebriggs to Mrs. Deitz.

The case was partially tried before Mr. Justice Scott in March, who declared the partnership dissolved and ordered the clerk of the court to take the accounts of the partnership and ascertain the damages that Pruden was entitled to receive from Squarebriggs. The clerk did so and brought in judgment in favor of Pruden for \$1,257. The evidence as to the transfer will be concluded on June 28th, when Judge Rouleau will return. Taylor, Q. C., for Pruden, Bown for Squarebriggs and wife, Woodworth for Mrs. Deitz.

Court adjourned on Monday evening until October, leaving some twenty-two cases, which had been set down for trial at this court to stand over, four of which cases had been set down for trial at the last October sitting and two for February.

## STONY PLAIN.

C. Made lost another valuable mare last week. It died suddenly.

Carl Corneliusson has started a blacksmith shop in Warden school district, southwest of Stony Plain post office.

Crops are looking well, but would be the better of rain.

The Edmonton Saw Mill Company's mill was nearly burned by forest fire, twice recently.

The first of July will be celebrated in Warden district, Stony Plain.

A petition to have the survey of the Edmonton trail continued through the Stony Plain reserve, is being numerously signed on the plain.

## WETASKIWIN.

Rain has been falling more or less for the last 24 hours, with every prospect of its continuance. Farmers naturally delighted.

A band of about sixty horses came in from Macleod on Saturday evening and another band of over seventy on Sunday. Both bands intended going further north in a few days. Many of the horses will scale from 1200 to 1300 pounds.

Report says Mr. Angus Gale has secured the contract for the new store on Pearce street and B. McMillan the contract for internal fittings.

A number of gentlemen are negotiating with a view to the erection of an elevator here. This will be good news for grain growers.

May 27th, 1895.

## LACOMBE LINKS.

Rev. John Fernie leaves for Edmonton today and will occupy the pulpit of Rev. D. G. McQueen next Sabbath, who will be absent attending general assembly of the Presbyterian church.

John Blair, who went north a couple of weeks ago, returned by last train, and will leave again shortly for the coast.

Joe Dark returned again on Thursday last and he and his brother Robert are now busy getting up their sheep.

The town was quiet on the 24th, excepting the ice cream social, which was held by the ladies aid of the Presbyterian church, and was fairly well attended although the evening was rather cool.

We were favored with a fine rain last night, which was very heavy on the start, but continued more moderately during the night. The air still keeps cool.

Messrs. Beattie and Watt, who are located about four miles from town, shot a bear last week, which had ventured too near the house of the latter, also securing two cubs. This makes three old bears that have been shot near here and five cubs captured.

May 27th, 1895.

## LEDUC.

Election of an overseer for township 49, range 25, was held in the school house on Saturday at 10 a. m. William Wilkinson was elected by a large majority. The people of Leduc deserve credit for their choice in this case.

Eggs and butter are still on the decline. Potatoes are at a stand still. Men are also on the drop, as several of them took a sudden descent from the hurricane deck of a broncho here on Saturday evening, had it not been for the timely interference of W. B. the broncho buster, who stuck to him like a porcupine.

Hubbell's survey party arrived here Saturday on their way to township 49, range 25, where they intend sub-dividing.

School Inspector Calder drove here from the south on Thursday and inspected the school, then proceeded to Edmonton by train, and returned by yesterday's special. He starts for Sunnyside this morning.

May 27th, 1895.

## INNISFAIR.

The weather keeps cool and dry. This is most unfortunate, as the very opposite was needed to give us full advantage of the early spring. As it is, the early date at which sowing was completed, is rather a drawback than otherwise. Yesterday and to-day are cloudy and we hoped for rain, a few drops did actually fall, but only to tantalize the impatient farmers. Prairie fires are still prevalent, notwithstanding the green grass, and the air is smoky and unpleasant. There is a "let up" to the wind, which "bloweth as it listeth" every day and nearly all day, driving the soil off the fields and the moisture out of the earth. Our weather prophet predicts a change with the advent of the new moon. We hope his forecast is a correct one.

Quite a number of our citizens and neighbors have left us for pleasure or for profit, most for the latter reason. Messrs. Dan Nicol and A. Ormsby, old companions on ranch and farm, have gone to Jamaica (via Boston) to try their luck in a warmer climate. Mr. John Staples, accompanied by his family, and by Messrs. Loree, Lewis and another gentleman, is returning by road to his old home in the States, having been offered a good position there. Mr. W. Courtney and the Whelan brothers also went south, as far as Calgary, last week. They will return in the fall. Mrs. John Thomson and family have gone to the Soo, where Mr. Thomson is working on the canal locks.

Mr. Remillard has returned after a short visit to his work at Macleod.

Mrs. W. Waterhouse is on her way to England for a long visit in search of health.

Dr. George has been at Buffalo and Spotted lakes on a natural history expedition, and returned on Tuesday. He made a most successful trip, and was accompanied by Mr. Farley, of Red Deer, another ardent naturalist.

The alleys, yards and by-ways of the town have now been nicely cleaned up, and everything is sweeter and more wholesome in consequence.

C. G. Ross announces an important sale of pedigree Shorthorn bulls at the farm of James Brown, Little Red Deer, on Thursday the 30th inst. They are the property of Mr. Dickson, of the Medicine ranch.

Before leaving Mr. Staples disposed of his house and lot to Curry Bros.

Mrs. H. M. Douglas returned to town last week after a short visit to Calgary.

Messrs. Wood, W. Lundy and James and Robert Nicol are up the Red Deer washing for gold. The Red Deer shows a good color of gold all the time, but of course is not

nearly as rich in the precious metal as the Saskatchewan. As Mr. Lundy is an expert, having had extensive experience on the Fraser, and has willing helpers, the results of this experiment will be awaited with interest.

We had a colored minstrel show here last week, consisting of Messrs. Roberts and Ormond. They were a host in themselves, and presented quite a pleasant and varied entertainment.

Messrs. Langford and Bechervaise made rather an uncommon trip lately, boating down the Red Deer from the Alberta mill to a point opposite the Quill lakes, where they were met by a team. They took the best part of a week to make the journey, shot a large number of waterfowl, and seem to have had an excellent time generally.

Messrs. Wynn and Kemp have completely renovated their stable, adding a new shingle roof, large close lumber corral, and a second loose box, to accommodate their rapidly increasing trade.

Messrs. Knight and Stewart brought a band of general purpose horses into town for sale a day or two ago. There was not much demand, and after selling a few head, they proceeded on their way north.

The local lodge of Masons paid a fraternal visit lately to the Red Deer lodge, and were hospitably entertained. The Red Deer lodge will reciprocate in June.

Mr. Hill, of Calgary, and a married daughter were the guests of Mr. J. D. Lander here for the last week. Mr. Hill intends to take up a farm here.

L. M. Sage returned to town last week. Coursing is all the go among the boys just now. Mr. Lundy's big deer hound gives them some excellent sport, and will do better when he gets into good condition.

May 23rd, 1895.

## GENERAL NEWS.

The jury in the Hyams case, in Toronto, disagreed.

The Winnipeg Tribune of May 23rd, has a "pome" on a proposed distribution of knighthoods to which no name is attached, but which shows a genius for sarcasm and rhyming not often excelled.

Qu'Appelle Progress: Some excitement was caused on the race track when it was known that Mr. Morrarity's black mare, Babe, had been backed to do the half mile in less than 57. Great was the astonishment of the knowing ones when the time was given as 55 3/4.

The Qu'Appelle Progress complains of the lease by the Indian department of fifty acres of shooting ground on the Qu'Appelle lakes. The Progress holds Commissioner Reid responsible. It says: As to the fact of their being only fifty acres leased, one acre would have answered just as well, as anyone acquainted with the locality knows. A narrow strip of land, about 100 feet, runs out into the lake; it is over this strip that the flights take place, and is the only place for shooting with any chance of success. Mr. Reid also thinks there is a great deal too much made out of this matter. Well, all we have to say is that there will be a great deal more made of it if the lease is not at once cancelled.

Until you have time to think it over. I am selling Hardware, Groceries, Dry-Goods, Clothing, Boots, Shoes, Crockery, etc., cheaper than they were ever sold before in this country. Competition is not in sight with my prices. The stock will not last long. Why not take advantage of it while it lasts? Don't pay a dollar when you can get better value from me for 75c.
